Contents

Early childhood education and care (ECEC) is part of the Finnish education system and an important stage on the child's path of growing and learning. ECEC forms a foundation for lifelong learning. The Finnish ECEC is based on an integrated approach to care, education and teaching, the so-called "educare" model, with particular emphasis on pedagogy.

Topics/Training programme

1. Underlying values in the national core curriculum for ECEC
2. Features of home-based childcare in Finland
3. Introduction of the career opportunities and nursing jobs in Finnish daycare
4. Special themed activities for Finnish childcare
5. Technical Visits and job-shadowing
